SPRING • FY2022 • COUNTRY REPORT

Your support is making a difference to farmers like Merry. Thank you!

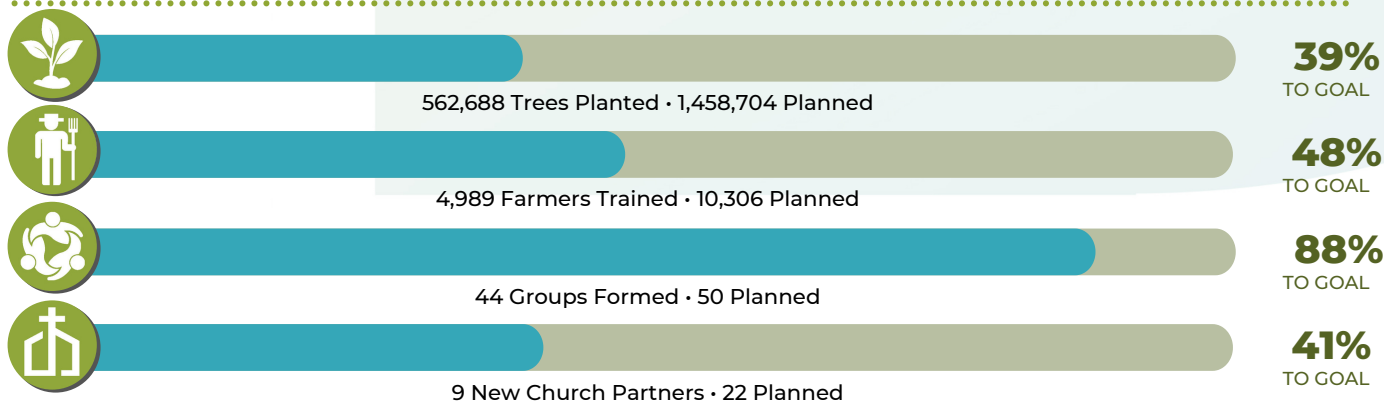

MERRY'S STORY

"My biggest challenge was figuring out how I could save my money and change my living conditions. When I heard about Plant With Purpose at church, my heart softened. I decided to join a Purpose Group after hearing the good news of how they work in our villages. When I joined the group, I learned how to save, and I started to put into practice what I was learning.

I bought an aluminum door for my house. Through the sale of milk, I was able to repay the loan. After three months, I connected electricity to my family's new house. It was our first time with light in more than 12 years. With my third loan, I bought materials for our new house that we had wanted for so long. If it weren't for being in a Purpose Group, I would not have been able to move to a new house. My life has changed for the better."

PROGRESS REPORT

*as of Q2 FY2022

HIGHLIGHT

Our Purpose Groups in Tanzania are gaining agency and autonomy while they are increasingly collaborating with local organizations and governments. In fact, 98% of our Purpose Groups are registered as an official association with the government.
